Website Upkeep Cost Explained

All websites have several upkeep costs that you should be aware of. These can include:

**DOMAIN NAMES • HOSTING SERVICES • FILE STORAGE • EMAIL SERVERS • LIVE CHAT
SPECIALIZED PLUGINS • MERCHANT FEES • APP STORE FEES • SUPPORT FEES • AND MORE**

To make things easy, I offer an annual upkeep service that bundles everything into a single cost. Ultimately, because I'm able to shop in bulk, I'm able to offer my upkeep service at a steep discount. I charge customers the raw cost of equipment.

➤ Upkeep Cost for as of 8/16/23

Each website has different upkeep costs that can change from year to year. Here's a table that outlines the upkeep cost:

	BLARK TECH <i>This is my LLC :)</i>	Hostinger	Bluehost	GoDaddy
Domain Name	\$9.15	\$13.99	\$18.99	\$69.99+
Web Hosting	\$68.55	\$71.88	\$107.88	\$107.88
Email Server	\$17.88	\$17.88		
Total Cost	\$95.58	\$103.75	\$126.87	\$177.87

All prices represent the cost per year.

➤ What's the catch?

Being a small fish in a big pond, I offer this upkeep service with zero strings attached. I view it as the cost of keeping you as a client in the long term. While it's in my best interest to find the cheapest products available, you're never locked into my service and can switch at any time.
